

# Quorum court minutes October 10, 2011

The Craighead County Quorum met in session prior to the regular scheduled committee meetings. A roll call vote found all present except Justice Bryant.

County Judge Ed Hill brought the court up to date on all the ongoing projects. The justices were given a map of their proposed district. The maps are incomplete and are only the first drafts. The election commission along with EAPD is working on a final draft. The court was shown pictures of the new mower at the road department, a road that is being worked on in the Caraway area, and a drilling site at the proposed Bono Lake.

Judge Hill announced the members of the 2011 budget committee. It will be chairmen of each committee along with Justices Hawkins and Blankenship.

There being no further business to come before the full court, Justice Couch made the motion, seconded by Justice Stacks, to adjourn to the committees.

Meeting adjourned.
